### **Prescription Drugs: ValueONE Network**

#### ValueONE Network Facts:

- 41,000 major national and regional pharmacy chains, retailers and grocers, and independent pharmacies participate in the ValueONE Network. This includes many national pharmacies you may already be using.
- Pharmacies that participate in the ValueONE Network can fill up to a 90-day supply of certain medications at the same location (prescription must be written for up to a 90-day supply).
- If you do not use a ValueONE Network pharmacy, you may be responsible for the full cost of your prescription medication. Benefits may not be provided for out-of-network pharmacies.
- To maximize your pharmacy benefits, you will need to transfer all your prescriptions to a ValueONE Network Pharmacy.

#### Find a ValueONE Network Pharmacy

You can locate all of the participating pharmacies in your area at

**AlabamaBlue.com/ValueONEPharmacyLocator**. To search for pharmacies in your area, enter your ZIP code in the "Location" search field and then click "Search".

Both 1) Non-Preferred Brand name oral contraceptives and 2) Preferred Brand name oral contraceptives when a Generic is available are subject to the prescription drug copays.			

#### Useful Information to Maximize Benefits

- To maximize your benefits, always use in-network providers for services covered by your health benefit plan. To find in-network providers, check a provider directory, provider finder website (AlabamaBlue.com) or call 1-800-810-BLUE (2583).
- In-network hospitals, physicians and other healthcare providers have a contract with a Blue Cross and/or Blue Shield Plan for furnishing healthcare services at a reduced price (examples: BlueCard® PPO, PMD). In-network pharmacies are pharmacies that participate with Blue Cross and Blue Shield of Alabama or its Pharmacy Benefit Manager(s). In Alabama, in-network services provided by mental health disorders and substance abuse professionals are available through the Blue Choice Behavioral Health Network. Sometimes an in-network provider may furnish a service to you that is not covered under the contract between the provider and a Blue Cross and/or Blue Shield Plan. When this happens, benefits may be denied or reduced. Please refer to your benefit booklet for the type of provider network that we determine to be an in-network provider for a particular service or supply.
- Out-of-network providers generally do not contract with Blue Cross and/or Blue Shield Plans. If you use out-of-network providers, you may be responsible for filing your own claims and paying the difference between the provider's charge and the allowed amount. The allowed amount may be based on the negotiated rate payable to in-network providers in the same area, the average charge for care in the area in accordance with applicable Federal law.
- Please be aware that providers/specialists may be listed in a PPO directory or provider finder website, but not covered under this benefit plan.
   Please check your benefit booklet for more detailed coverage information.
- Teladoc Health is an independent company that Blue Cross and Blue Shield of Alabama has contracted with to provide you with teleconsultation services. Blue Cross and Blue Shield of Alabama is an independent licensee of the Blue Cross and Blue Shield Association.
- Prime Therapeutics LLC<sup>®</sup> is an independent company providing pharmacy benefit management services for Blue Cross and Blue Shield of Alabama, an independent licensee of the Blue Cross and Blue Shield Association.

This is not a contract, benefit booklet or Summary Plan Description. Benefits are subject to the terms, limitations and conditions of the group contract (including your benefit booklet). Check your benefit booklet for more detailed coverage information. Please visit our website, AlabamaBlue.com.
